

7 stages of embedding digital

Stage 4: Resourced for digital

What's the situation?

- You have the right resource in place to at least define your strategy to harness the full extent of digital

What outcome gets me to the next stage?

- A clear strategy for digital and what it will take to deliver it

How do I make this happen?

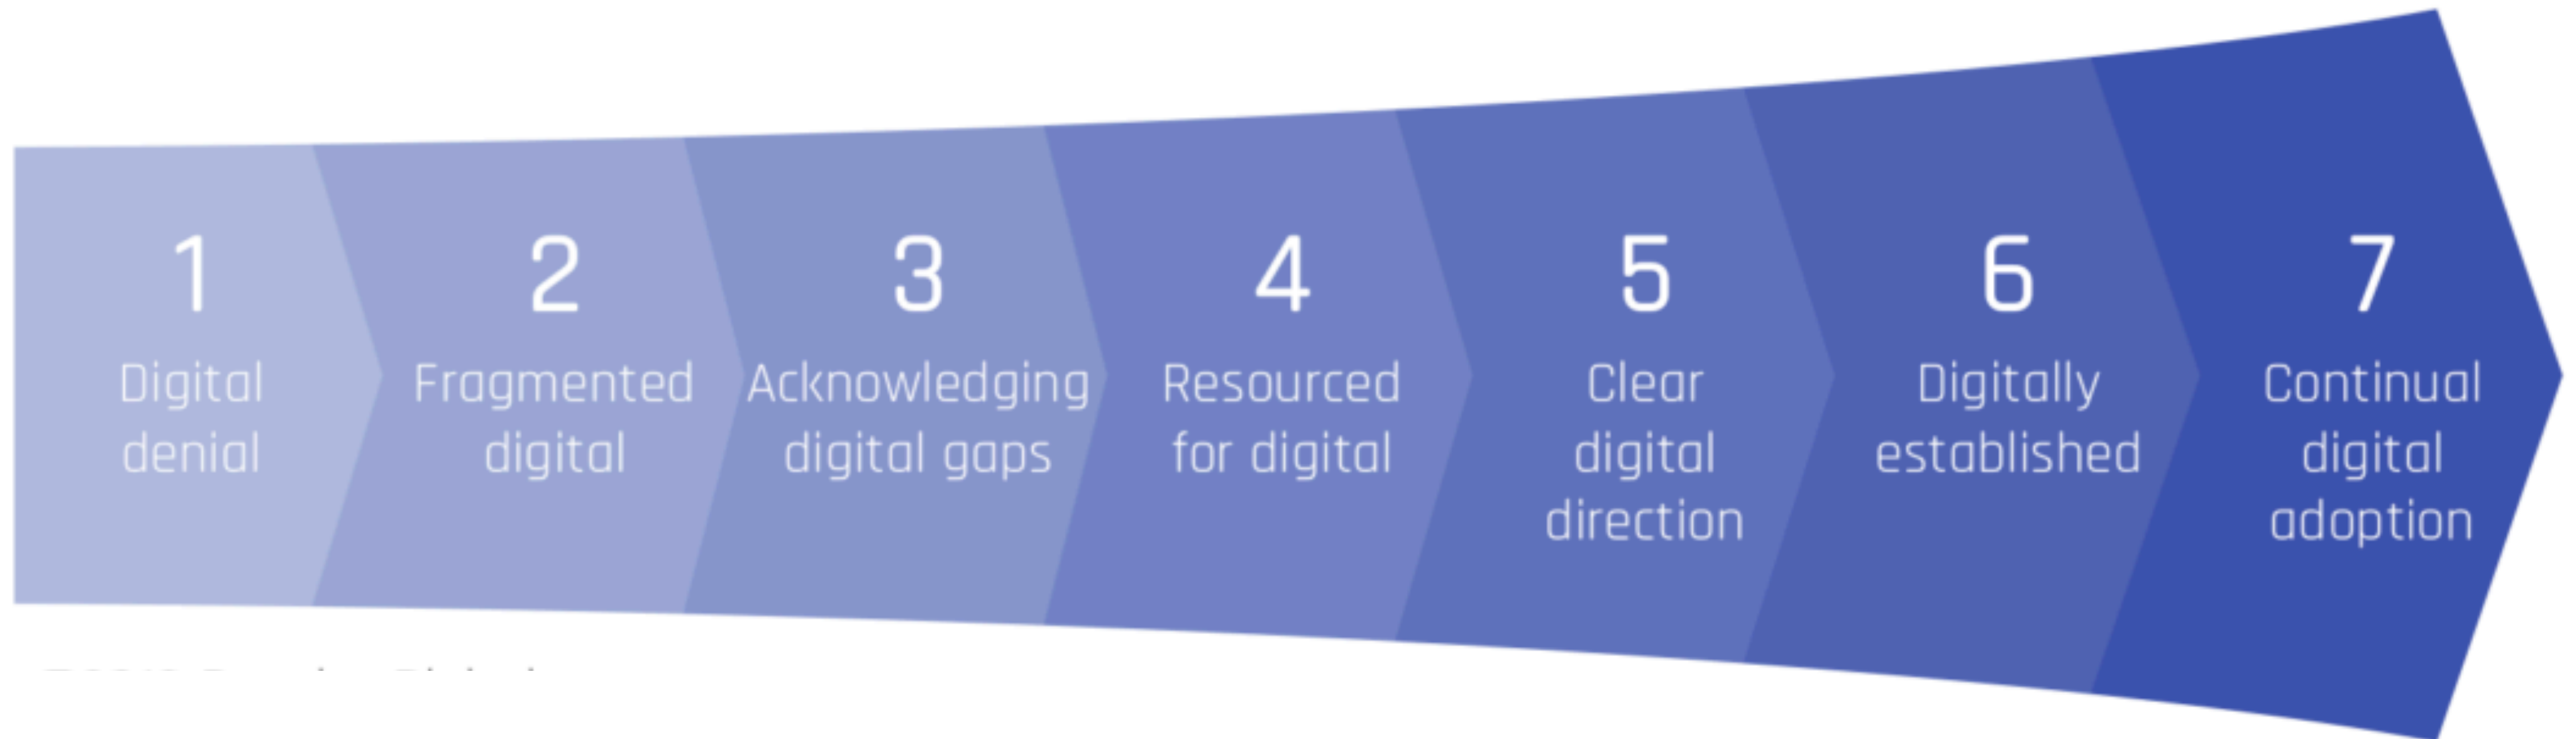

- Audit current state digital, gaps and opportunities, direction and priorities
- Identify additional resources required to implement and maintain

How can Rewrite Digital help?

- We provide a holistic digital audit, scoring your current and projected maturity and effectiveness, benchmarking with competitors and establishing a roadmap
